

Congress Platform Elements – INTER-NOISE 2021

Dear Colleagues: There are three main elements of the INTER-NOISE 2021 platform/sites as described below.

1. Congress Platform (Cadmium)

INTER-NOISE 2021 will be held within the Congress Platform (Cadmium). All registered delegates (authors, speakers, students, exhibitors, etc.) will receive an email from DoNotReply@eventScribe.com with a randomly generated (initialized) access key to enter the Congress Platform; it is linked to the email address you used for creating an account on internoise2021.org. This platform will be used by attendees (including authors, presenters, students, exhibitors, etc.) to access live and pre-recorded presentations, participate in live Q&A discussions, visit the poster gallery and expo hall, attend networking sessions, etc. Complete proceedings are available along with a book of abstracts and searchable programs. Although the 50th congress will be in the virtual mode, there will be plenty of opportunities for live interactions via networking sessions as well as live Q&A during all presentations. Please begin to browse through the site though some components will not be available until August 1.

2. Authors Portal for Uploading Pre-Recorded Videos or Posters

The Conference Harvester (within Cadmium) is only open to authors, presenters, session chairs, moderators, and poster authors. These people have received special access to this harvester to update their profile (including photo and bio) and to upload their pre-recorded video file or poster, etc. See detailed instructions provided via email including tech checks.

50th International Congress and Exposition on Noise Control Engineering
1-5 AUGUST 2021 | WASHINGTON, DC
Congress Theme: Next 50 Years of Noise Control.

3. INTER-NOISE 2021 Website (internoise2021.org)

The IN21 Website is used for registration purposes only and for public access of certain knowledge such as the program booklet, book of abstracts, organization chart, student/YP programs, I-INCE or INCE-USA events, list of sponsors and exhibitors, and the like. Registered delegates should continue to go to the Congress Platform only.
